

the House Committee on Un-American Activities, A. Meiklejohn is listed as "honorary chairman." This committee has been cited as a "new organization" set up in the summer of 1960 to "lead and direct the Communist Party's 'Operation Abolition' campaign." "Seven of the national leaders of this group have been identified as communists" (House Report 1278, Committee on Un-American Activities). **Hilda Smith**, FDR's "Specialist in Workers' Education of the Federal Emergency Relief Administration" is also a sponsor.

"Washington Merry-Go-Round" column 10/3/35, made this observation of Hilda Smith: "Sometimes she is called Harry Hopkins' **professor of Communism.**" Rabbi Jacob Weinstein and Maxwell Geismar are sponsors. Geismar and Rabbi Weinstein, as well as Martin Luther King, signed an appeal put out by "The Committee to Secure Justice for Morton Sobell." Sobell was a convicted Jewish spy.

JEWS DOMINATE CIVIL RIGHTS

According to the late Rabbi Stephen S. Wise, communism equates with Judaism. This is proven by the large number of Jewish communists brought to justice in many countries for their spying activities. And the Jewish power is the main force behind the great civil rights drive today. There has never been a Negro president of the NAACP. A Jew has always filled that office. The National Association for the Advancement of Colored People is positively a communist dominated organization. All the important officers in the NAACP we know of have been tied in with communism. A Zionist Jew, Arthur Spingarn, is president of the NAACP. He has contact with many Red-front organizations. From California to New York, King has met with many Zionist Jews working in the interest of their drive to force total integration of Whites and Negroes.

NEGROES EXPLOITED FOR RED AIDS

Communism's cynical view of the Negro's struggle for civil rights as nothing more than a strategem to expedite the world communist takeover is admitted in a recent issue of the DAILY WORKER. An article by Daily Worker editor James E. Jackson, which first appeared in the Communist Party's paper of August 25, 1963, is being circulated in the Moscow foreign-language journal, NEW TIMES of October 2, 1963.

"As basic victories are achieved against racist barriers," wrote Jackson, "the steel cogs of the Negro freedom movement mesh more and more with the gears of the historic class struggle of the working poor against the exploitation system and the power structure of capitalism itself." (Toesin, 10/30/63)

STATESMAN OR TOOL?

CONGRESSMAN Adam Clayton Powell, Chairman Education & Labor Committee, Minister in the largest Baptist Church in the world (Abyssinian), three times married, income tax evader. Powell has a total of 66 communist front citations. **U. S. News & World Report** (Sept. 17, 1962) calls him a disgrace to the people of his district. He "feels" for the poor while operating his two boats, his Cadillac, Jaguar and Chrysler cars, and occupying his Mt. Vernon (N. Y.), Washington, D. C. and Puerto Rico homes.

According to **Time** (May 2, 1960) Powell claims he isn't a Negro but that he had a Cherokee Indian grandmother and that his other grandparents were White. **Ben Davis**, Negro communist official, endorsed Powell as foremost spokesman of the Negro; and Powell used these inflammatory words at an Englewood, N. J. rally: "The White man is scared, . . . we have America by the throat." (**N.Y. Journal American**, May 22, 1963)

In his latest attack against law and order in a White man's government, this dangerous demagogue joined the Rev. Milton Galamison, Malcolm X, Jesse Gray and Dick Gregory in picketing NYC schools March 16, 1964.

Perhaps Martin Luther King is so naive that he thinks he is using communism instead of communism using him. On October 4, 1963 a raid was made on the headquarters of a communist organization, the Southern Conference Educational Fund, in the State of Louisiana. Much damaging evidence was found, including some pertaining to Martin Luther King. The raid was carried out under the auspices of The Joint Legislative Committee on Un-American Activities, State of Louisiana. We wish to quote from some evidence seized in that raid which shows that King had been working with some men who had previously been identified in sworn

testimony as being members of the Communist Party. The first is a memo dated January 18, 1963, from Carl Braden to William H. Melish (both known communists) "in re Martin Luther King."

"Martin King has a bad habit of arriving late at meetings and assembly affairs such as the one we are planning in New York City on February 8. As soon as it becomes known that he has agreed to appear at our Annual Reception, there is going to be great pressure on him to forget about the affair. People like Ted Kheel, and the CORE-group are very jealous of Martin's connections with a group like ours, and we must expect efforts to divert him. You have probably thought of all this, but I thought I should put my two cents in and send this with a copy to James Dombrowski." Signed, "Carl."

ENTER AUBREY WILLIAMS

Now let us look at a letter written on the **Southern Farmer, Inc.** stationery dated Feb. 26, 1960. It is signed with the initials A.W.W., which stands for Aubrey W. Williams, identified in sworn testimony as a communist. The letter is about Martin Luther King, and it discusses, among other things, \$100,000 which disappeared from the Montgomery Improvement Association. The letter was written to James Dombrowski. "Dear Jim: I must beg to be excused from writing anything in the way of a statement of support of Martin Luther King in this income tax case. First, it would be 'carrying coals to Newcastle' . . . I think he has no one to blame but himself for the fact that there appears to be large discrepancies in the accounts of MIA. E. D. Nixon as you know resigned because of the looseness of the MIA and that meant King. Nixon isn't so sure there isn't a lot of truth in what they are charging about the disappearance of \$100,000 of MIA money."

"So my advice is, we should keep out of it. . . . Sincerely yours, AWW."

It seems that King made it to New York all right to keep his speaking engagement for the communist meeting. In the evidence seized in the raid mentioned above was a cancelled check in amount of \$167.74 dated March 7, 1963, made out to Dr. Martin Luther King, Jr. and endorsed by King. There was a typed notation on the check, "N. Y. Exp." The check was signed by Benjamin E. Smith and James A. Dombrowski, and was drawn on the account of Southern Conference Education Fund, Inc., payable at Whitney National Bank of New Orleans. The number of the check was 4153.

ARREST AND INDICTMENT OF THREE

In the raid of SCEF headquarters three men were arrested: James A. Dombrowski, executive director; Benjamin E. Smith, treasurer; and Bruce Waltzer, Smith's law partner. We quote now from **The Councilor** for February 6, 1964:

"The grand jury indicted SCEF leaders on charges of violation of Louisiana's Subversive Activities Law. Dombrowski was indicted on two counts of failing to register as a subversive agent and one of failing to register as a member of a subversive organization.

"Smith was indicted on three counts: two of failing to register and one of taking part in management. Named in the indictment as the two subversive organizations were SCEF and the National Lawyers Guild.

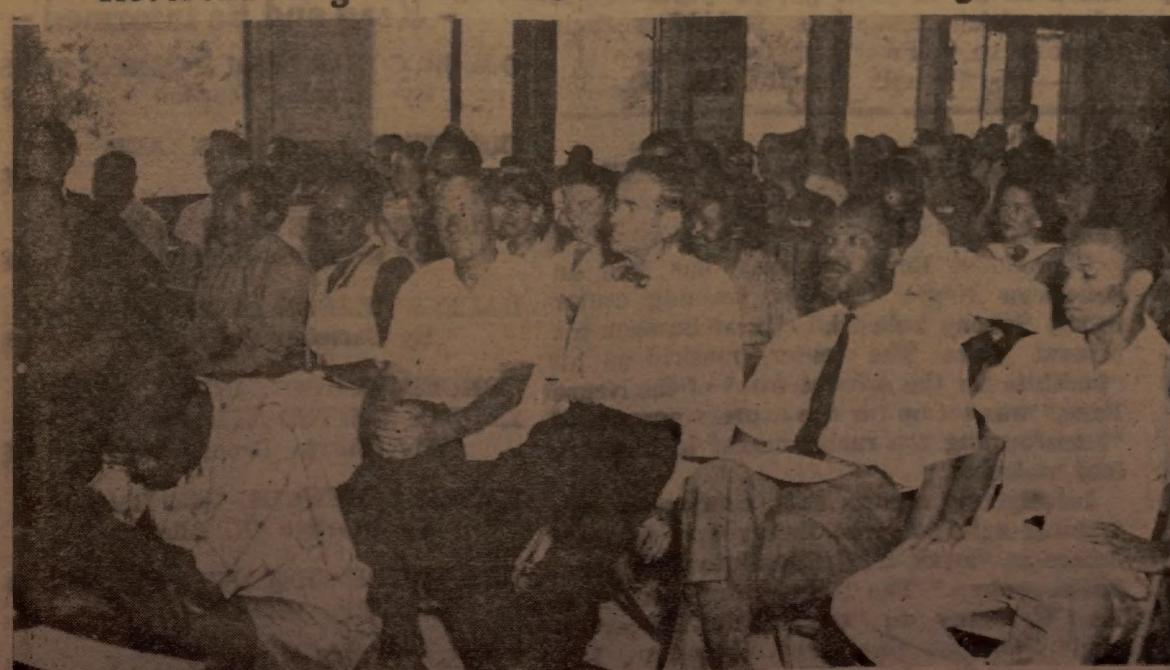

"Waltzer was indicted on one count of failing to register as a member of the National Lawyers Guild.

"The grand jury supported a position taken earlier by United States Senate probbers, and by the Councilor staff: It held that SCEF was essentially the same organization as the old Southern Conference for Human Welfare. Under the old name the organization was cited by Congressional Committees as a communist front.

"The grand jury also recognized the National Lawyers Guild as a communist front.

"Assisting the Joint Legislative Committee to obtain evidence was the Caddo Parish

These "four horsemen" of racial agitation have brought tension, disturbance, strife and violence in their advancement of the Communist doctrine of "racial nationalism."
